Filing Requirements - Political Organizations

[[Click for Text Only Version](#)]

A new law (P.L. 106-230) imposes three different reporting and disclosure requirements on section 527 organizations:

1. an initial notice;
2. periodic reports on contributors and expenditures; and
3. modified annual returns.

The new law is effective immediately and requires that a political organization notify the Internal Revenue Service (IRS) **both electronically and in writing** that the organization is to be treated as a section 527 organization. To notify the IRS, the organization must file Form 8871, *Political Organization Notice of Section 527 Status*.

to notify the IRS electronically.

Organizations established before July 1, 2000, have until July 31, 2000, to file the required Notice of Section 527 Status. The law requires newly established organizations to file Form 8871 within 24 hours of their creation. However, the IRS has extended the due date for filing Form 8871 until July 31, 2000 for organizations established after June 30, 2000. Any organization required to file with the Federal Election Commission is excepted from these Section 527 reporting requirements. Additionally, any organization which reasonably anticipates that it will have less than \$25,000 in gross receipts for any taxable year is excepted from these new disclosure requirements.

Before filing Form 8871, the political organization must have its own employer identification number (EIN), even if it does not have any employees. To get an EIN, an organization must file Form SS-4, Application for Employer Identification Number. You can get an EIN either by telephone or by mail. If you apply by telephone, you can get an EIN immediately. Applying by mail takes 4-5 weeks. You should have only one EIN. If you have more
